

- Two way state design
- Wide open distance more than 300m, with anti shielding function
- Long battery life up to 3-5 years

## Technical Specification

| Technical Data          | XA-600-D   |
|-------------------------|------------|
| Open Distance           | 300 meters |
| Anti-shielding Function | Yes        |
| Battery Life            | 3-5 years  |
| Operating Voltage       | 3V         |
| Stand By                | UA stage   |
| Transmitting Power      | 10MA       |
| Operating Frequency     | 433.92 Mhz |
| Coding                  | DIP Coding |
